

PRODUCT DATA SHEET

PERLÉ® SAN E

Revision date: 04/11/2021

Page 1 of 2

1. General Description

- Perlé San E is a 70% ethanol-based hand sanitizer.
- It does not have an added fragrance other than a strong alcohol odour.
- Perlé San E is strictly a hand sanitizing product and should be used in conjunction with a hand soap for effective hand disinfection.
- Perlé San E is used as a hand sanitiser and should not be used for surface application.

2. Advantages and Features

- Perlé San E is very effective at reducing the presence of pathogens on the surface of the skin.
- Perlé San E contains moisturising properties that reduces drying of the skin.
- Perlé San E dries quickly on the hand surfaces, therefore is suitable for regular sanitizing during activities.

3. Application

- Can be used in a spray-bottle for direct spraying onto hands.
- Perlé San E can be used in hand sanitising dispensers as a re-fill.

4. Product Technical Information

- Main ingredient actions:
 - Ethanol alcohol
 - Alcohol has a disinfecting action and effectively reduces pathogens on the surface of the skin.
- Available in:
 - 750-ml spray bottle
 - 5-litre container
- Ready to use (Product can be used without prior diluting)
- Must not be diluted with water – see side of container for instructions.
- Perlé San E is extremely flammable and caution must be taken not to apply near an open flame.
